

NEWS FLASH.....

Community Activity

On different occasions this year, our students have walked the streets of our local area and left messages and gifts for our neighbours. For Remembrance Day our students gave our neighbours a card to signify the important day. We have received many positive comments from our neighbours appreciating our cards and gifts. I have included some of the comments below.

'It was with much surprise and pleasure that I received your note.'

'It was a beautiful token of Remembrance'.

'I remembered hearing lots of happy voices chattering away out the front.'

'I am so pleased to see you learn about our special day.'

'Thanks for the little card with remembering our soldiers.'

It is wonderful to see our students sharing kindness and thoughtfulness and receiving the positive comments and feedback from our local community.
