

NEWS FLASH.....

White City Soccer Club Development in partnership with DECD

White City Soccer Club have received funding of approximately \$1.4 million to develop the grounds at Seaton Park Primary School for their club and the school to use. They will be building a clubroom at the back of the oval on the site of the current Studio West building. The funding will also be used to replace the turf, install a new irrigation system to keep the new lawn healthy, lighting to support training and games at night and the provision of a new playground.

The new lawn will support all students at our school by enhancing the grounds and will also support our students who will be selected in our inaugural Specialist Soccer and Futsal Program beginning in 2018.

The replacement of the lawn and building of the new playground should begin soon and we will keep you informed when we have more details regarding the start date.
